

MAGNUM Pro HD Series

Chartplotter + Multifunction Controller is the perfect mate for the professional fishermen or for high-tech dashboard lovers

HDMI Video output

Magnum Pro HD is compatible with any HDMI display to provide a HD resolution experience!

Configure your desired view

Designed to let you choose what to see and what to hide: map, FF, compass bar, data boxes.

NMEA 0183 & NMEA 2000

Magnum Pro HD is extremely versatile as it comes with two NMEA0183 serial ports and one NMEA2000 port to connect any compatible device such as AIS, autopilot, engine, etc.

Tracks, Routes and Marks management

The Magnum Pro HD interface is optimized for an easy, fast and accurate management of your data. The advanced tracks management allows you to transform any track in a route. You can manage up to 30,000 marks with a new set of colors and icons.

Never miss a thing

Browse the Fish Finder history up to 5 minutes (when connected to a fish finder) and, if you find anything interesting, place a mark on it! With the Cursor Box smart function, point the cursor on map to instantly view distance and bearing.

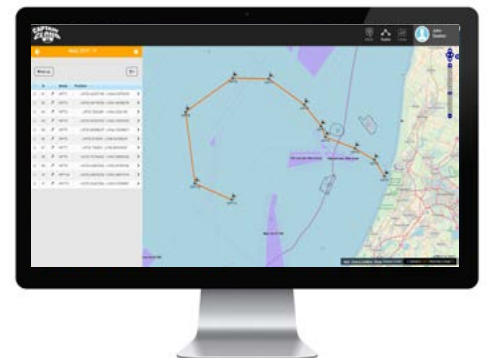

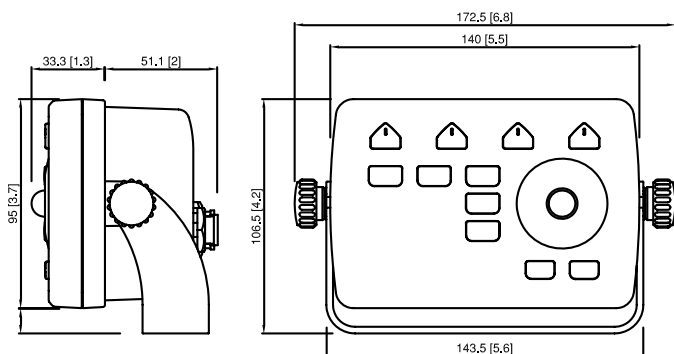

Software updates come easy

Keep your controller always up to date, thanks to the Wi-Fi connectivity.

Join the CaptainCloud

Synchronize your data with CaptainCloud and manage routes, tracks and marks from any connected device. Build your favorite routes easily at home, and find them ready on board!
